EDUCATION

B.E. in Computer Engineering • Dr. DY Patil College of Information & Technology • Pune, Maharashtra • **2025 – Present** (Currently in 2nd Year)

Diploma in Computer Science • Government Polytechnic, Nashik • 93% • 2025

INTERNSHIP EXPERIENCE

Python with Data Science & AI/ML Intern • Sumago Infotech • Jan 2025 – Jun 2025

- Gained hands-on experience in Python programming, data analysis, and machine learning.
- Worked on building predictive models and applying AI/ML techniques to real-world datasets.
- Developed skills in data preprocessing, visualization, and model evaluation.

PROJECTS

AI-Generated Image Detector | Python, TensorFlow, Flask | 2025

- Built a CNN-based model to classify real vs. AI-generated images with high accuracy.
- Developed a Flask web app for real-time image upload and detection.
- Applied data preprocessing, augmentation, and training on labeled datasets to enhance reliability.

AgroShop | PHP, MySQL, JavaScript, Tailwind CSS | Sept 2024 – Nov 2024

- Built an agricultural e-commerce platform with separate User and Admin panels.
- Integrated weather, subsidies, market prices, product ordering, cart, and ratings.
- Designed an Admin Dashboard for managing products, orders, contacts, and comments.

SKILLS

Programming Languages: C++, Python, JAVA, HTML, CSS, PHP, .Net, JavaScript

Databases: MySQL, SQLite

Libraries/Frameworks: React.js, Mongoose, Tailwind CSS, Bootstrap, Flask

Data Science & AI/ML: Python (Pandas, NumPy, Matplotlib, Scikit-learn, TensorFlow, Keras),

Machine Learning, Data Preprocessing, Model Training & Evaluation

Coursework: DSA, DBMS, OOP, CN, ST

COURSES & CERTIFICATIONS

Python with Data Science & AI/ML Internship – Sumago Infotech

- Gained hands-on experience in Python programming, data analysis, and machine learning.
- Built predictive models and applied AI/ML techniques to real-world datasets.
- Developed skills in data preprocessing, visualization, and model evaluation.
